

## Classes

Trophies will be awarded in each of the following classes:

### Unknown Distance classes

- Male & Female Freestyle
- Male & Female Bowhunter
- Male & Female Open Traditional (non-sighted)
- Male Senior Freestyle (age 65+)
- Young Adult, Youth and Cub Freestyle

Possessing a rangefinder on the range in any of the above classes will **disqualify** the shooter, and potentially other shooters in his or her group.

### Known Distance classes

- Rangefinder

There will be at least one known distance class. Males and females compete together unless there are enough shooters to create separate classes. A shooter must have his or her own rangefinder, borrow one from someone in their group, or request range information from someone in their group, since the score cards will not indicate the distance.

- All shooters will shoot from the **adult** distance stakes consistent with the equipment they are shooting (see above). For instance, freestyle competitors will shoot from the white stake; bowhunters from the red stake, etc.
- Shooters are required to share range information if requested by another competitor in their group.

Shooters in this class will shoot separately from the "unknown distance" shooters. In other words, known and unknown distance shooters will not be comingled in the same group.

## EQUIPMENT AND CLASSES

**Freestyle:** any compound bow, any sight, any stabilizer; shoots from the white stake (18 to 50 yards).

**Bowhunter:** any compound bow, fixed pins sight, front stabilizer up to 12" length, v-bar or sidebar of any length; shoots from the red stake (15 to 40 yards)

**Olympic recurve:** any recurve bow, any sight, any stabilizer; shoots from the red stake (15 to 40 yards). If there are fewer than three, will compete with in the Bowhunter class

**Open Traditional:** any recurve, longbow, traditional, or primitive bow without sights. There are no other restrictions. For instance: any arrow rest, any stabilizer, string walking is allowed, etc. Shoots from the green stake (12 to 32 yards).

**Young Adult:** freestyle class; shoots from green stake (12 to 32 yards).

**Youth:** freestyle class; shoots from the green stake (12 to 32 yards).

**Cub:** freestyle class; shoots from the yellow stake (8 to 20 yards)

There must be at least 3 competitors to have a class. If there are less than 3, they will be combined with the class that most closely resembles their equipment. For example, if there is only one female bowhunter, she would compete in the mens bowhunter class. Likewise, if 3 people qualify for class that we don't specify, one will be created for them. For example, if 3 people with longbows register we will create a longbow class for them.

If there is any question or dispute about what class a person is/should be shooting in, this needs to be addressed before the second round begins. No class changes will be made after lunch. Any questions or disputes should be addressed at the registration area.
