Southeastern Section Report

by Paul Davison, Councilman

Southeastern Marked 3-D Sectional Sandune Archery Club, Myrtle Beach, SC, March 1-2, 2003

It may have been more appropriate to call it the Great Southeastern Swamp Shoot rather than the 2003 3-D Sectional. Rain, rain and more rain ... before, during, and after the first day's round of 25 marked targets. It was reported that the local Wal-Mart ran out of rubber Wellingtons early Saturday evening. With a wind-driven light rain Sunday morning, and with a section of the range unplayable due to high water, there was serious thought to reducing the final round from 25 to 15 targets. The Sandune Archery Club, however, refused to take the easy way out.

In my 35 years of observing archery tournaments, I've never seen a host club respond so quickly and efficiently to adverse conditions. They proceeded to lay out and stake 10 new 3-D targets on the practice range in about 30 minutes. Not that the practice range was dry ... but it at least the water was less than ankle deep. These soggy conditions also prevailed on the range having the first 15 targets. The goop may have actually helped one to score better. Your feet were certainly well anchored!

Right on cue, we were all rewarded with a burst of sunshine just before the awards ceremony. Under the conditions, it was a truly remarkable weekend, and with that kind of teamwork and dedication, I've endorsed Sandune's application for Tim Atwood's "Club of the Month." I'm not waiting, however. They're my "Club of the Decade."

Southeastern Indoor Sectional Pro Flight Archers, Lake Mary, FL, March 22-23, 2003

Eighty four archers traveled to Lake Mary (a suburb of Orlando) to compete in the Southeastern Indoor Sectional. Being about as far south as we've had a Sectional, nearly all of the contestants were from Florida, with only eleven shooters from other southeastern states — two each from South Carolina, Tennessee and Kentucky, and five from Georgia. Nevertheless, all shooters were rewarded with a great weekend organized by the host club, Pro Flight Archers. The amenities were superb — the accommodations, the food service, and especially the venue, which was the Seminole Community College gymnasium.

Election of the Sectional Pro Representative was held at the Indoor Sectional. Two willing and very capable NFAA Professionals were nominated: Diane Watson of Florida and Jim Pruitte of Georgia. After a tie vote by the attending pros, it took two tie-breaker ballots before Jim Pruitte was finally declared the winner. [Are close votes the

norm in Florida?] Nevertheless, we were all pleased with the extraordinary interest expressed by both candidates, and if we could have named co-winners, we would have certainly done so.
