FROM THE EDITOR

By Alvaro Ubeda

Greeting Florida Archers,

This is the August edition of your digital magazine Release, we want to bring you the relevant information about what is happening and will happen in our state.

From now on we will be working in tune with our social media platforms to provide you with information about club shoots, regional events and of course the Florida Archery Association state events.

This summer saw one of the biggest archery events in attendance as the 2024 Sunshine State Games. We thank the clubs and their members for their support and participation.

Take the time to periodically review the FAA website where you will find event results as well as links to register for upcoming events & much more.

“In archery we have something like the way of the superior man. When the archer misses the center of the target, he turns round and seeks for the cause of his failure in himself.”
— Confucius

Congratulations and thanks to the local clubs that have been very active this season, without a doubt their contribution is extremely important for the promotion and growth of our sport in Florida.

We also want to inform you that our sectional page within the NFAA website has been the most active in the entire South East. On this page we are publishing results, articles as well as promoting state events, which undoubtedly archers from other locations visiting Florida can also find and participate.

Congratulations to all the Florida archers who reached the podium of the World Field Archery Championship, I recommend reading the article written by our NFAA director Mike Spence.

We invite you to like, comment and share our posts on Facebook and Instagram, so that we can continue reaching our archers and motivating new ones.

Have a great Fall-Winter Season.

MESSAGE FROM SECRETARY / TREASURER

By Oliver Austin

Greetings. It has been a very busy month. I went to Brazil for the IFAA World Field where I was Team Captain for the US team. I managed to pick an excellent team and for the first time since the Worlds were in Yankton the US won the Team of Nations. We also had good luck with our Style teams. Barebow Recurve took first, our Freestyle team and Longbow teams took second. The ranges were carved out of virgin forest and there were wild animals on the ranges. There was a monkey mooching fruit which one of the US archers shared with me. There were also capybaras eating beside the road. I like to visit other places when I go to an archery shoot so I visited Argentina and Paraguay before the shoot and Peru after to visit Machu Picchu. We had four Florida shooters attend. Tim Gross from Lee County beat his opponent by almost 1000 points to win. Sandy Pettitt also won her class. Mike Spence and I were also there.

It was nice to see a few Florida archers at the National Outdoor and National Target. Florida archers Jesse Broadwater, Debra Ochs, Jerry Hoppe, Darryl Williams, David Ireland were there and Melanie White and Patty Hoppe took home champion bowls. Debra Ochs took home a silver medal and Mike Spence took home bronze medals.

We are sorry that it was needed to cancel the FITA Field for this year. Having it the weekend before another state shoot was not a good idea.

Central and Northwest Vice Presidents are open election next year. Please let me know if you would like to run.

The 2025 NAFAC has not been bid yet. Florida should be getting the bid. If we get the bid, the shoot will be held the second weekend of December at a site to be determined.

I am doing an upper Mississippi river cruise the end of September so I will not be able to attend Safari shoot. I was really looking forward to it. A marked 3-D with an aiming dot on the animal that you shoot two arrows at. Hope to see a good turnout.

The 2025 National Senior Games are being held in Iowa and this is a qualifying year. If you would like to have the option of going, you will need to qualify by shooting in a state senior games. Florida's is the first Saturday in December and will be hosted in Wesley Chapel (where it has been for the last couple of years).

See you at the Target. Oliver.

Florida archers did Great in the World Field Archery Championship in Brazil.

The IFAA 2024 World Field Archery Championship was held August 5-9 in Iguazu, Brazil.

Four FAA archers were blessed to be able to experience the scenic field ranges in the tropical forests and the welcoming Brazilian culture. Plus, shooting with other archers from all over the world and making new friends was also part of the amazing experience.

The shooting format consisted of a field, hunter, animal, field, and hunter round during the five days of shooting.

In the end, after all 476 arrows had been scored, all four FAA members made podium appearances in their respective divisions.

Tim Gross won a world championship in barebow compound, Sandie Pettit won a world championship in bowhunter limited compound. Oliver Austin finished in 2nd place in freestyle limited compound. And Michael Spence finished 3rd in bowhunter unlimited.

Congratulations to these four archers for their accomplishments.

The next IFAA World Field Archery Championship is scheduled for 2026 in Yankton, S.D. An event that you will not want to miss.

Michael Spence

FLORIDA CLUB NEWS

By. Richard Erschik

Lee County Archers repeats last year's highly successful "Introduction to Archery" Program for Local 4H Club "Green Thumb Ranchers."

Beginning in early September Lee County Archers will begin a repeat of their 2023 "Introduction to Archery" program tailored exclusively for the local 4H club, "Green Thumb Ranchers." The program runs from September 2024 to June 2025, aimed at introducing youngsters to the art and discipline of archery, fostering a passion for the sport while instilling values of focus, discipline, and teamwork. The program's initiative is a testament to Lee County Archers' commitment to community engagement and youth development.

50% of the participants are returning from last year. Drawing on their expertise and passion for archery, members of the Lee County Archers, including certified Level 2 archery instructors Richard Erschik, Laurie Dougherty, and Bob Nichols, were also specially trained as 4H instructors to conduct the program and coach the eager participants. During the program additional Lee County Archers members Preston Moore and John Comito will demonstrate the workings of the compound bow and the hand crafting of wooden arrows. Established originally in the late 1960's,

Lee County Archers has long been a cornerstone of the local archery community, providing a welcoming space for enthusiasts of all skill levels to hone their craft and share their passion for the sport. With a focus on camaraderie, skill-building, and community outreach, Lee County Archers embodies the spirit of inclusivity and collaboration.

"We were thrilled to partner again with the Green Thumb Ranchers 4H club to offer this exciting introduction to archery," said Chick Richards, president of Lee County Archers.

"Archery is not just a sport; it's a discipline that teaches youth's focus, patience, and perseverance. We look forward to again guiding the young participants of 4H and other community groups through their first steps in this rewarding journey." The "Introduction to Archery" 4H program covers basic archery techniques, safety protocols, equipment handling, and target practice, providing participants with a solid foundation to pursue their archery interests further.

For more information about the "Introduction to Archery" program or Lee County Archers, please contact Richard Erschik at 630-642-6500 or rierschik@richarderschik.com, or visit www.leecountyarchers.com

NFAA OUTDOOR NATIONAL TARGET CHAMPIONSHIPS 2024

Easton Yankton Archery Center

The NFAA Easton Yankton Archery Center will host the 9th annual NFAA Outdoor National Target Championships, August 24-25, 2024. The event will be a 2-day outdoor shoot featuring a NFAA Classic 600 Round on Day 1 and a NFAA 900 Round on Day 2.

The NFAA Classic 600 Round will consist of 4 ends of 5 arrows shot at 3 distances, beginning with the closest distance. 4 minutes will be allowed for each end. The target will be the 92cm NFAA multicolor target face with gold-red-blue, etc. with archers having a choice of the full target (1 through 10 scoring areas) or the center spot (6 through 10 scoring areas). Cub distances will be 10-20-30 yards, Youth distances will be 30-40-50 yards and Young Adult/Adult/Senior distances will be 40-50-60 yards.

The NFAA 900 Round will consist of 5 ends of 6 arrows shot at 3 distances, beginning with the furthest distance. 5 minutes will be allowed for each end. The target will be the 122cm multicolor face with gold-red-blue, etc. (10 through 1) scoring areas. Cub distances will be 30-20-10 yards, Youth distances will be 50-40-30 yards and Young Adult/Adult/Senior distances will be 60-50-40 yards.
