ARE BEARS SMART?

Feeder

Rope & Bear

Editor's note: Captured this bear on my trail camera the first week of October 2010. As you can see he is untying the rope on the tree to my feeder which is in the (upper left hand corner). When I got there the rope was untied and the feeder was on the ground with all the corn gone. Now that's a Smart Bear!

Notes from the President

Hi Everyone! Another great year is coming to a close. Congratulations to **Angie Olds** and **Ron Martin** for earning the **FAA 2010 Shooter of the Year** title.

As some of you may be already aware of, we have scheduled the major FAA tournaments of 2011 to avoid the hottest weather, namely July and August. We are hoping that this will be a good trade off for some shoots, being rather closely spaced. Please provide feedback to your Regional Vice presidents.

Hope to see you at the **FAA Unmarked 3-d tournament**, hosted by Lee County Archers, in Ft Myers on **Jan 15-16, 2011**.

“Merry Christmas and Happy New Year”
